

Cartels

What is a cartel... and why is it such a big deal?

We address price-fixing, market sharing and information exchange in a digestable way.

In the slipstream of these practices, we deal with leniency, settlements and private damages.

Included videos:

- Cartels
- Leniency
- Settlement
- Private damages

Distribution agreements

Distribution does not have to be complicated.

We explain what is allowed, what is risky and the relevant boundaries: from exclusive and selective distribution to online sales, RPM and non-competes.

Included videos:

- General distribution landscape
- Exclusive distribution
- Selective distribution
- VBER
- Block Exemption
- RPM
- Cross-border selling
- Non-compete

M&A and merger control

Planning a transaction? Know the rules first.

We clarify when a filing is required, the dangers of gun jumping and how non-competes are assessed.

Included videos:

- Merger filing
- Gun jumping
- Non-compete and M&A

Investigations

What if the authority shows up? From dawn raids to RFIs, we explain what to expect; and how to react appropriately.

Included videos:

- Dawn raids
- RFI

Trade associations

Collaboration is valuable...but has its limits.

We explain which information exchanges are allowed and how to stay compliant.

Included videos:

- Trade associations
